

CROSS PROCESSING/ SPECIAL RUN AGREEMENT FORM

Concerning all orders for cross processing (processing reversal film as negative) or Special processing requests (Film Flash, etc), Pro8mm can not guarantee that the reversal negative will not fade over time, or that the reversal negative will remain clean during cross processing, or that the reversal negative will maintain it's general, overall integrity and dye stability. Cross processing reversal film as negative is not endorsed or recommended by the manufacturer, Eastman Kodak or Fuji, and therefore cannot be guaranteed by Pro8mm.
